No. $\frac{S.B.}{940}$ OF 1907.

*Poona, 4th May 1907.*

From

SURGEON-GENERAL J. P. GREANY, M.D., I.M.S.,
Surgeon-General with the Government of Bombay;

To

THE SECRETARY TO GOVERNMENT,
General Department, Bombay.

Sir,

I have the honour to forward the Annual Report on the Lunatic Asylums of the Bombay Presidency for the year 1906.

2. The usual annual repairs to all the Asylum buildings have been carried out by the Public Works Department.

3. The water-supply was good and ample for all purposes except at Colaba and Ratnágiri. As regards the former institution, steps have been taken to remedy the defects and it is hoped that any further trouble in this respect will be obviated. At Ratnágiri, as far as the Náchni Reservoir supply is concerned, the quantity was insufficient, the Municipality having failed to supply the full allowance of water stipulated for, necessitating the remainder having to be drawn from wells in the Asylum compound.

4. The number of criminal and non-criminal lunatics admitted during the year 1906 was 326 males and 66 females, a total of 392 including 15 re-admissions and showing an increase of 25 over the previous year.

There was an increase by 36 in the number of admissions into the Narotamdas Madhavdas Lunatic Asylum, Naupáda (Thána), 12 into the Sir Cowasji Jehangir Lunatic Asylum, Hyderabad (Sind), 3 into the Ahmedabad and 1 into the Ratnágiri Lunatic Asylum, and a decrease of 13, 11 and 3 into Colaba, Poona and Dhárwár Lunatic Asylums, respectively.

The admissions, together with those remaining on 31st December 1905, give a total population treated of 1,016 males and 271 females, as compared with 951 and 252 respectively in 1905.

The total number of those discharged was 270 and of deaths 61, leaving at the end of the year 956 insanes—(742 males and 214 females) under treatment. Of the 270 discharged, 114 were returned as "cured," 62 as "improved," 78 as "not improved," and 16 "otherwise disposed of."

The daily average strength was 715·7 males and 211·9 females—total 927·6 as compared with 867·9 (males 676·4 and females 191·5) in 1905.

The percentages of cures and deaths to the daily average strength were :—

| | | | | |
|---|---|---|---|---|
| Cured | ... | Males ... ... | 12·6 | Total 12·3. |
| | | Females ... ... | 11·3 | |
| Deaths | ... | Males ... ... | 7·1 | Total 6·6. |
| | | Females ... ... | 4·7 | |

and to the total population there were—

| | | | | |
|---|---|---|---|---|
| Cured | ... | Males ... ... | 8·9 | Total 8·9. |
| | | Females ... ... | 8·9 | |
| Deaths | ... | Males ... ... | 5·0 | Total 4·7. |
| | | Females ... ... | 3·7 | |

5. The number of criminal lunatics remaining in confinement was 128 which, with 61 admissions during the year, gave a total population of 189 as compared with 162 in 1905, their daily average strength being 132·5 against 119·8 in the previous year.

6. Of the total admissions, *viz.*, 392, Hindus numbered 173, Mahomedans 105, Europeans and Eurasians 68 and Native Christians 22, the remaining 24 being grouped under the head of "Other Castes."

7. Amongst the admissions, 55 were soldiers, 42 were returned as labourers, 37 as mendicants, 34 as domestic servants, 28 as merchants and traders and 24 as cultivators. In 40 cases the occupation could not be ascertained, and 49 were said to have had no occupation.

8. According to age, the admissions were as follows:—Under 20 years, 35; from 20 to 40 years, 288; from 40 to 60 years, 66; and above 60 years, 3.

9. The various types of insanity treated were mania 678, melancholia 311, dementia 165, idiocy 65, and delusional insanity 62. Among the alleged causes of insanity, a cause is furnished in 706 cases and is unknown in 581. Of the known causes, 576 cases are attributed to physical, and 130 to moral causes. The use of intoxicating drugs and over-indulgence in spirituous liquors, fevers, epilepsy, previous attacks, hereditary predisposition, congenital diseases, masturbation and privation contributed largely to admissions.

10. The number of deaths rose from 52 (or 6·0 per cent.) in 1905 to 61 (or 6·6 per cent.) in 1906. The increase was most marked in Hyderabad and Ahmedabad Asylums. In the former there were 14 deaths as against 7 in the previous year, and the death-rate per cent. to the daily average strength was 9·7 as compared with 5·7 in 1905. The Superintendent attributes this high mortality to the excessive prevalence of malarial fevers of a malignant type consequent on the flooding of the country during the inundation season, providing countless breeding grounds for mosquitoes. At Ahmedabad 7 deaths occurred against 1 in 1905, giving a ratio of 6·5 per cent. as compared with 0·9 in the previous year. The average annual mortality of this asylum for the five years ending 1904 was 8, however the 7 deaths that occurred in the year 1906 were among those affected with chronic diseases—one having been admitted in a moribund state, and the others were in the Asylum for period ranging from 7 to 22 years.

11. The total expenditure was Rs. 1,97,345-2-2, as compared with Rs. 1,81,259-8-10 in 1905. If the sums received from paying patients and from the sale of goods to the public and those made over to the Asylum for asylum purposes, &c., be deducted, the net cost would be Rs. 1,42,165-3-10 against Rs. 1,35,085-13-2 in the previous year. The increased expenditure in 1906 was mainly due to a larger number of insanes treated as will be evidenced by the fact that the annual net cost per head of daily average strength was Rs. 153-4-2, or Rs. 2-6-2 less than in the year 1905.

Rs. 1,779-9-11 were expended out of the discretionary grant for the amusement of insanes, as compared with Rs. 1,841-14-11 in 1905. At Naupáda a further sum of Rs. 634-9-6 was spent for this purpose out of the Bai Putlibai Trust Fund.

12. The total receipts from the Manufacturing Departments amounted to Rs. 4,436-4-7, and debits to Rs. 1,193-14-4, giving a profit of Rs. 3,242-6-3 as compared with Rs. 2,659-5-3 in 1905.

13. The official visitors were regular in their attendance at all the Asylums.

14. During the year, the Superintendents of the Asylums performed their duties to my entire satisfaction, and the conduct of the subordinate staff has been satisfactory.

I have the honour to be,

Sir,

Your most obedient Servant,

J. P. GREANY, M.D.,

Surgeon-General, I.M.S.,

Surgeon-General with the Government of Bombay.

| Total ...(1904 ... | 40 | 18 | 58 | 653 | 183 | 836 | 649·7 | 174·1 | 823·8 | 16·9 | 6·7 | 23·6 | 17·2 | 8·6 | 15·4 | 6·2 | 10·3 | 7·0 | 38·9 | 21·1 | 31·7 | 12·1 | 25·4 | 14·5 |

The capacity of the Colába Lunatic Asylum is, at 50 superficial feet per patient, for 90 Europeans—70 males and 20 females—and for 168 natives—104 males and 64 females; the maximum number of European lunatics confined on any one night was 27 males and 15 females, and that of native lunatics 82 males and 39 females.

The capacity of the Narotamdas Madhavdas Lunatic Asylum, Naupáda, is, at 140 superficial feet per paying patient, and at 80 superficial feet per panper patient, for 198 males and 42 females; the maximum number of lunatics confined on any one night was 204 males and 62 females.

The capacity of the Ratnágiri Lunatic Asylum is, at 50 superficial feet per patient, for 73 males and 30 females; the maximum number of lunatics confined on any one night was 73 males and 29 females.

The capacity of the Poona Asylum is, at 50 superficial feet per patient, for 108 males and 24 females; the maximum number of lunatics confined on any one night was 89 males and 28 females.

The capacity of the Dhárwár Lunatic Asylum is, at 50 superficial feet per patient, for 64 males and 24 females; the maximum number of lunatics confined on any one night was 66 males and 24 females.

The capacity of the Ahmedabad Asylum is, at 50 superficial feet per patient, for 90 males and 18 females; the maximum number of lunatics confined on any one night was 94 males and 21 females.

The capacity of the Hyderabad Asylum is, at 50 superficial feet per patient, for 150 males and 20 females; the maximum number of lunatics confined on any one night was 146 males and 14 females.

* Transferred to the Station Hospital as convalescent.

† Of these, 6 were transferred to the Narotamdas Madhavdas Lunatic Asylum, Naupáda (Thána) and one was sent to the Arthur Road Hospital for Cholera.

‡ The figures now shown are correct.

‖ One transferred to the Colába Lunatic Asylum, one discharged to stand his trial and one escaped.

§ Transferred to the Narotamdas Madhavdas Lunatic Asylum, Naupáda (Thána).

¶ Transferred to the Yerávda Prison.

** Escaped.

†† One transferred from criminal to non-criminal class and one sent for trial.

## STATEMENT No. II.

*Return of Criminal Lunatics in the Lunatic Asylums of the Bombay Presidency for the year 1906 and provincial totals for two previous years.*
